Supervisors Open Door For Sanitary District in Western Lake County

Bennett's Resolution for Committee Investigation Approved

The Lake county board of supervisors opened the way for the formation of a lake region sanitary district by adopting a resolution offered by Supervisor Arthur Bennett, Lake Villa, calling for a special board committee to investigate the area's need.

The Lake Villa supervisor told the board members that residents of the western part of the county are eager to establish a sewage control authority which would check the pollution of lakes and rivers there.

The committee will work closely with groups interested in the formation of the new sanitary district and will report to the board of advisors before the board sanctions the organization of any district.

There has been much talk of a sanitary district for the entire western part of Lake county, and the construction of a large sewer that would serve that area, emptying into the Chicago sanitary district's sewage system.

The plans of those seeking the new district do not go that far at present and merely want sewage control in various areas where systems are not yet established.

Fox River Valley Affected

The area is one in which the watershed is toward the Fox river.

The committee appointed by Joseph P. Welch, chairman of the board, comprises Supervisor Bennett, Emmett Moroney, Highland Park; John Wirtz, Mundelein; Noel White, Fox Lake; and Maurice E. Murrie, Graylake.

The committee will meet soon in investigating both the feasibility of the organization and the ability of the district to get a federal loan for the survey, Bennett said.

The resolution offered by Bennett and adopted by the board said:

Whereas, the sewer conditions in the western part of Lake county are in need of immediate improvement to maintain adequate sanitary conditions and to prevent pollution of our waterways, and

Whereas, at present there are no adequate facilities to take care of sewage and prevent pollution, and

Whereas, creation of a sanitary district would prevent this and provide facilities to adequately take care of said conditions and would solve our health problems, and

Whereas, the expense involved in making a survey for such sanitary district may be provided by the federal government, and

Whereas, it may be necessary to have legislation passed to authorize such a district,

Now, therefore, be it resolved by the board of supervisors that a committee be appointed by the chairman of the board to investigate the creation of a sanitary district for the western part of Lake County and to investigate the possibility of obtaining federal funds for making a survey for such district, and committee report its finding to the board.

Be it further resolved that said board of supervisors at its Oct. 10, 1950 meeting.

Moose Legion to Have 40 Antioch Candidates At Initiation on Oct. 1

A class of nearly 40 Antioch Moose members will be initiated into the Moose Legion, the advanced degree of the L. O. O. M. at the fall meeting of Winter Legion No. 74 here Sunday, Oct. 1.

Other cities of the lodge unit are Highland Park, North Chicago, Waukegan, Zion, Ill.; Kenosha, Racine and Elkhorn, Wis., will bring candidates for the meeting, and a total of 100 candidates is expected.

The initiation services will be held in the Masonic temple and the members will dine at 6:30 p. m. in the Moose club where the women of the auxiliary will serve the meal.

An orchestra will be provided for dancing that will start at 8:30 p. m.

Moose Initiate Wednesday

The Antioch lodge of Moose will conduct initiation services next Wednesday for an estimated 50 candidates at the lodge hall.

Mr. and Mrs. Rudy Corrado returned home Sunday after spending a week at Lac Du Flambeau, Wisconsin.

Delinquent Antioch, Lake Villa Township Tax Lists Published

Lists of delinquent taxes for the Town of Antioch and the town of Lake Villa are published in this issue of the Antioch News.

Guy O. Lunn, County treasurer and ex-officio county collector, gives notice that he will go before the County Judge on Monday, September 25, and ask judgment against the delinquent property, which will be exposed for sale on October 9 at 9 a. m. at the court house, Waukegan.

Firemen Do Neat Job In Saving Two Homes During Past 8 Days

Fire starting from a defective floor lamp cord did \$600 damage at the Conrad Neuman home in the Antioch Hills subdivision south of 173 at 11:25 a. m. Monday.

Mrs. Neuman, who was sleeping at the time, was aroused by smoke. The fire had caught the drapes, and the end of a davenport in the den, ascending the wall to the attic when the Antioch fire department arrived.

The firemen soon smothered the blaze with a water fog.

Chief Edgar Simonsen was asked to convey to the firemen the appreciation of the W. A. Bunge family for the effective and neat way in which they saved their summer home at Channel Lake Bluff from destruction last Thursday morning.

A smoldering log from a fireplace rolled onto the floor while the Bunge family was away and set fire to a rug. A neighbor happened to see smoke coming from the house and turned in a report to the Antioch fire department.

The firemen confined the damage to a hole in the floor 3x7 feet in diameter.

Mrs. Bunge, called back to the summer home from her winter home in Oak Park, complimented the firemen, saying their work was so neat that she hardly knew they were there. She had entertained at a card party the day before and had used the fireplace. Evidently the under side of a log was still smoldering when she left and when it burned enough to become top-heavy, it rolled onto the floor.

Mr. Bunge, a publisher, is in California.

Antioch High Program Friday to Commemorate Signing of Constitution

Students of Antioch high school will present a program honoring the one-hundred sixty-third anniversary of the adoption of the Constitution of the United States on Friday at 9 p. m. Although Constitution day falls on Sunday, the 17th, the program will be held on Friday at the school.

The entire program is being presented by students from the Social Studies Department. Their aim is to review the long and bitter struggle of our forefathers in their desire for independence, and once having secured it, the challenging task confronting them in constructing a form of government which would be a "living Constitution" that would meet the changing needs of all time and at the same time protect, defend, and preserve our democratic ideals.

The program will include "America," with Charles Bock as soloist; the Aims and Purposes of Constitution Day, by Paul Bell; The History of Our Constitution, by Janice Runyard and Mary Curnes; The Preamble Explained, Ermit Finch; Our Responsibilities as American Citizens, George Einfeldt; The Test of Our Constitution, Paul Bell; Pledge of Allegiance and singing of the Star Spangled Banner, student body. The entire program has been prepared by Mrs. Tulumello and Mr. Hans Von Holwede and members of their classes.

Classes to Organize

Following the program Friday the various classes will elect officers for the year. Each class will have three members of the faculty as sponsors.

The sponsors are as follows: Freshmen: Mr. Polley, Mrs. Tulumello, and Miss Donovan; Sophomores: Miss Meiners, Mr. Scott and Miss McKinney; Juniors: Mr. Wickert, Miss Bean and Miss Hartley; Seniors: Miss Duncanson, Mr. Von Holwede and Miss Wehr. Probably (Continued on page 8)

Plan for Water District For Lake County Will Be Formulated Next Thurs.

Water from Lake Michigan Would Be Supplied Dry Areas

A plan to organize a water district for all of Lake county which will enable communities all over the county to provide citizens with Lake Michigan water, will be formulated at a meeting to be held at the Karcher hotel in Waukegan on Thursday, Sept. 21.

The meeting is for members of the steering committee of the Lake County Water District. The committee was appointed by James F. Stiles, Jr., vice president and treasurer of Abbott Laboratories, and is headed by John P. Kottcamp of Waukegan, retired industrial manager.

Membership on the committee includes, beside Stiles and Kottcamp, Edward A. Menke of Waukegan as secretary; Kent Chandler of Lake Forest, Atty. LaVerne A. Dixon, of Gurnee; Eldon Gleason, president of the village board of Mundelein; Warren Nicholas, village trustee of Libertyville; Robert Patton, mayor of Highland Park; Joseph P. Welch of Barrington, president of the Lake County Board of Supervisors; and Atty. Charles L. Whyte of Waukegan.

To Approach Supervisors
The steering committee is arranging a meeting with the Lake County Board of Supervisors at which time the proposal will be explained and petitions will be available to be signed by citizens and presidents to the county court. The county judge will set a hearing and also the date for a county-wide referendum on the proposition to organize the Lake County Water District.

If the voters approve, the district will be formed as a non-profit and non-taxing district run by five trustees appointed by the county judge.

The plan contemplates joining all of the city water pumping stations along the lake shore with a large water main extending parallel to the lake shore from Highland to Winthrop Harbor. From this main, auxiliary mains would be extended out westward making an ample supply of filtered Lake Michigan water available to any village or city that faces a water shortage. There is an area east and south of Antioch where there has been a shortage.

Right Without Compulsion
No community would be required to buy water from the district, but all would have the right to do so. Individuals and institutions outside of incorporated areas would also have the right to buy water from the district.

The first step contemplates making water available to Gurnee, Libertyville and Mundelein where water shortages have been felt, and extending the mains on westward as rapidly as the demand made the installation work economically feasible.

All of the expenses of operating the water district will be paid for with water revenue bonds. Pumping stations along the shore will be paid for the water used, and communities buying the water will pay for it on a cost basis and sell to the consumers in the communities.

The water district will have no power of taxation and no taxes will be levied for its operation.

Marjorie Young-Beedle Hurt in Car Collision Near Fox Lake Friday

Mrs. Ray Beedle, of Petite lake, dancing instructor professionally known as Miss Marjorie Young, suffered injuries to her right knee and mouth early Friday morning when her car and the car of Monroe Schlachach of Plain City, O., collided on Rte. 12 in McHenry county.

Mrs. Schlachach was cut on the leg and lips and she and Mrs. Beedle were taken to St. Therese hospital for care. Mr. Schlachach received a knee injury but the 9-month-old Schlachach daughter and 3-year-old son were unhurt.

Mrs. Beedle was on her way home from Des Moines, Ia., where she spent the summer and had stopped for the night in Chicago. She was on Rte. 12 coming north intending to turn east on the Grass Lake rd.

In rounding a curve in the left lane she unexpectedly came upon the Schlachach car and a head-on collision occurred. Both cars were demolished and were junked.

Mr. Schlachach and the two children were cared for at the Beedle home until Mrs. Schlachach was released from the hospital Tuesday and were taken by the Beedles to Chicago on their way home Wednesday.

Senator McCarthy Will Speak at GOP Rally at Sherwood Park Sept. 17

U. S. Senator Joseph McCarthy, Republican of Appleton, Wisconsin, will be the principal speaker when the Lake county Republican party opens its fall campaign September 17th at Sherwood Park, Lake Villa. The announcement that McCarthy will be the opening speaker for the fall campaign of the local GOP was made by William Marks, chairman of the County Central Committee.

All candidates of the Republican ticket are expected to be present to greet some 10,000 friends and supporters of the Party on that Sunday when Senator McCarthy will deliver a message of outstanding importance on the critical situation which the nation faces today.

Marks said that Everett M. Dirksen, Republican candidate for the U. S. Senate, Mrs. Marguerite Stitt Church, nominee for congress from the 13th District, and all State and county candidates will be present at the outing.

While no subject has been assigned to Senator McCarthy for his address, it is understood he will reveal the inside story of the Communist infiltration in the Democratic administration at Washington and how Sen. Millard Tydings took the control of the senate committee investigation of subversives and with steam-roller tactics, forced a strictly democratic whitewash report of the entire investigation.

Plenty of entertainment will be had for the children and there will be two fine ball games. There will be plenty to eat and drink.

Little Settled at New Kenosha County School Dist. Meet

Despite advance publicity to the effect that a site would be chosen for a new high school to be erected by the new central high school district of Kenosha County, no action was taken at a public meeting held at Bristol Community hall last Friday evening.

Only action taken was a voice vote to levy a tax of \$100,000 for high school purposes. Some persons at the meeting are said to have demanded a written vote on this issue but were denied by the chair. The levy will amount to 10 mills and according to persons who should know, will bring total school taxes for the new district to about thirty to thirty-five mills. In tax dollars, this amount indicates a tax of \$300 to \$350 annually for school purposes alone on a farm valued at \$10,000.

The townships of the new district have indicated that they do not wish to be included in the new district and to this end have petitioned their two boards to bring about a change. Paris township asks that it be included in the Union Grove district and Wheatland township has asked to be included in the Wilnot district.

DONALD LUBKEMAN IS RECOVERING FROM AN ACCIDENTAL GUNSHOT

Donald Lubkeman, 11 year old son of Mr. and Mrs. Art Lubkeman, is reported to be recovering nicely from the effects of a gunshot wound in which he lost two fingers. The gun was accidentally discharged when the truck in which he was standing started up suddenly, causing him to lose balance.

High School Squad of 50 Vie for Posts to Battle Northbrook Hi

With but a little more than a week to prepare for the opening game against Northbrook High here, the Antioch Sequoits combined their review of fundamentals with a few effective plays as they began light scrimmage Monday.

Coach Maurice Kruzan and his assistant, Line Coach Francis Perigoue are working with a squad of 50 in building a team on a nucleus of seven of last year's letter men.

Back on the team again this year are Ted Gajewski, 170-pound senior and George Nelson, 175-pound junior at guard positions; Bob Lubkeman, junior and Jack Pregrener, ends; Bernard Gutowski, a senior, captaining the team as tackle; and the Haviland brothers, Tom, a half back and Bernard, a quarterback, both seniors.

Besides Bernard "Buzz" Haviland Kruzan has Boake Baird, a sophomore as additional quarterback and Harry Larsen, a junior weighing 180 pounds, Tom Haviland and Forrest Bolton, weight 170 pounds for the left half position.

For fullback he has George Masopust, who saw some action last year. He can be replaced when needed by Baird, or he can alternate at right half.

Ronald Flattum, 130-pound junior, and Ronald Scully, another junior weighing 150 pounds may get the nod for right half back.

The line will see Dennis Kennedy, a transfer from Marmion Military academy, at center, who can be replaced by Gordon Heuer, a sophomore.

At guard, Nelson, Gajewski, Bill Bachman, 185 pounds, sophomore and Ronald Peters, a junior, are available. Captain Gutowski, Bill Holt, senior weighing 190 pounds; Kenneth Rentner, 190-pound junior, Bill Hucker, 180-pound senior; Bill Clark, 180, and Bill Boulson, 235, juniors will handle the tackle positions.

The ends are Lubkeman, Pregrener, Paul Biel, 160, junior; Lee Theil, 150, senior and David Deering 170, senior.

Fifteen freshmen have reported so far for the underclass squad and a game may be scheduled for them as a preliminary to the varsity game which will start at 7:30 p. m.

Evan Jones, 80, Dies At His Home in Bristol

Evan Jones, 80, Bristol, died at his residence Saturday evening following a short illness. He was born in Cardiff, Wales, July 4, 1870, and came to Bristol township in 1891. On April 9, 1902, he married Anna Foulke. Jones farmed in Bristol township until eight years ago when he moved to the village of Bristol.

He was a member of the Bristol Methodist church and a life member of the Washburn Lodge No. 145, F. and A. M. of Bristol. Jones served as clerk of the South Bristol school board for 25 years, was treasurer of the Bristol Mutual Fire Insurance company for many years and served as secretary of the Pure Milk association.

Surviving besides his widow are a son, Hollis, Kenosha; two daughters, Mrs. Newton Meredith and Mrs. Vincent Paddock, both of Bristol; two sisters in Wales; and four grandchildren and two great grandchildren.

Cardinal Bus Line Will Ask I.C.C. for Route, Antioch to L. Geneva

Would Provide Madison, Wis. To Chicago Service, Local Express

President Peterson of the Cardinal Lines and his son, Edwards Peterson of Richmond appealed to the Lions club Monday evening for its support in getting permission to operate bus service from Antioch to Lake Geneva.

Speaking before the club at its dinner at Linders' south of the village Peterson said that the Antioch-Lake Geneva route would make the connecting link for a Madison, Wis., to Chicago service.

The route would be from Antioch to Camp Lake, Twin Lakes and Powers lake to Lake Geneva. Since Antioch already has service to Chicago, it was reported after the meeting that the bus could be loaded from Madison up to this point and then sent non-stop into Chicago.

The only competing line at this time is the Northern Limited which continues north through Salem and Burlington. To get on that bus in going to Chicago Antioch residents must go to the Wisconsin side of the state line because it has no local permit from the state of Illinois. The Lions were told too, that the Northern Limited is on a year's probation.

The Cardinal Lines will be given a hearing on its request before the Interstate Commerce commission in Chicago at 9:30 a. m. Tuesday. The Lions club plans to be represented. Irving Carey, president, said.

The Cardinal Lines now operate buses from Channel lake to Waukegan with connections for buses going into Chicago. It keeps its buses at Richmond and deadheads them there from Channel lake. The company is seeking permission to extend the route to Richmond.

Mayor James McMillen and Ed Vos may represent this village at Tuesday's meeting.

Invitation to Join Local Unit of Coast Guard Auxiliary Given Again

An appeal, to boat and aircraft owners to join with amateur radio operators in becoming members of the U. S. Coast Guard auxiliary was made this week by Frank Lux and Fred Yates, local active members. The auxiliary is a voluntary non-military organization authorized by congress for civilians who are owners or part owners of yachts, motorboats, airplanes, or amateur radio stations.

Its purposes are to further interest in safety at sea and upon navigable waters; to promote efficiency in the operation of motorboats and yachts; to foster a wider knowledge of, and better compliance with laws, rules, and regulations governing the operation of motorboats and yachts; and to facilitate operations of the Coast Guard.

Membership in the auxiliary does not obligate anyone to perform military service or emergency duty, nor does it require the use of a member's boat, aircraft, or radio equipment unless voluntarily offered, members said.

The auxiliary offers education in seamanship, opportunity to attend lectures on navigation, air and radio; voyages aboard coast guard vessels beyond the horizons of his own craft, and opportunity if desired to spend periods of time at lifeboat stations, air stations and radio stations for training purposes. The member may, if he desires, serve his country, the coast guard and the community in times of emergency.

The coast guard will provide free inspection of motorboats for general safety.

Inquiries as to membership may be directed to Fred Yates of Antioch.

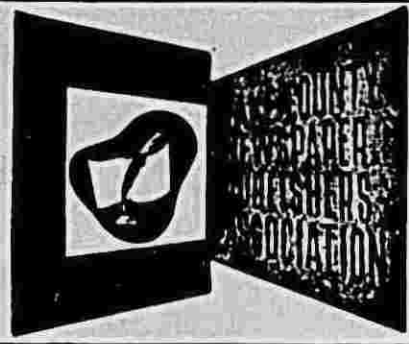

Heath Reports to Army
Donald E. Heath, Curnes subdivision, was recalled to the army at Fort Sheridan Saturday, and then told to return home awaiting further orders.

Want to Extend Bus Route
The village board at Richmond, Ill., was asked last week by the Cardinal Lines to intercede for them before the Illinois Commerce commission in effort to extend bus service to Richmond from Fox Lake and Antioch. No action was taken, but the matter will be taken up later.

Economic Highlights

As everyone realizes by now the conflict in Korea is no longer a police action. It is war and according to those charged with the responsibility of conducting it, a major effort in terms of men and material will be required of the United States and her allies to win. At present the planners estimate we will need 10 to 15 fighting divisions, 150,000 or more troops, a year's time and masses of war material. Moreover, in the background is the incalculable threat of Russian inspired aggression breaking out elsewhere.

In the meantime domestic problems gather momentum along with mobilization. The old story of rising prices and wages is going through its pace. Living costs on June 15—just before war in Korea—on the basis of the U. S. Bureau of Labor Statistics consumer-price index, stood at 170.2 per cent of the 1935-39 level. By mid-July, those costs were at about 172 on the index. Now, after still more increases, they are at the highest level in history. Inflation is no longer a spectre. It is a reality. The fact that it was inevitable does not lessen its threat to the American system and the freedom of the people. The costly nec-

essities of military defense piled on top of an incredibly extravagant peace-time governmental structure are hitting hard where it hurts most—the household pocketbook. The currency in that pocketbook is losing its value. Pressure is rising for Congress to do something. But even among the best informed there is basic disagreement as to the best course to follow. Bernard Baruch, who in his eightieth year has become known as America's elder statesman and who has been the respected adviser to presidents and congresses for more than a quarter of a century, believes only by immediate imposition of all out controls with taxes "higher than a cat's back" can the war effort be effective and the future liberty of the people secured. Before a congressional committee he demanded: "An overall ceiling across the entire economy, over all prices, wages, rents, fees and so on, with high enough taxes to prevent profiteering and to pay all defense costs, and an all-embracing, effective system of priorities."

Equally able observers have vastly different views. Henry Hazlitt, leading economist and commentator writes: "The Administration's real duty now is not to start dictating prices and wages but to halt its own inflationary policies. It must ruthlessly slash needless nonmilitary expenditures. Senator Byrd, in an itemized statement, has estimated that the whole appropriation of \$10,500,000,000 that the President requested could be taken out of the present nonmilitary budget. . . . The government must stop holding up prices of food-stuffs artificially; it must stop financing an inflationary housing boom; it must stop its inflationary government bond-pegging policy; it must stop its inflationary low-interest rates. . . . If such steps are taken we need not fear inflation, and we will get the all-out production that only free markets and a free economy can provide."

Regardless of whom you may agree with, one thing should be kept in mind—the first responsibility of every American citizen is the perpetuation of individual liberty and our representative form of government. This primary objective must always remain ahead of personal comfort and security, for the civilians, as well as for the troops in the front lines.

Uncle Sam Says

Political independence, our "Declaration of Independence," was proclaimed to a young and vigorous nation on July 4, 1776, when citizens were summoned to Independence Hall plaza in Philadelphia by the stentorian tones of the historic Liberty Bell. The actual tone of the Liberty Bell will again be heard throughout the nation during the U. S. Savings Bonds "Independence Drive" May 15-July 4. This time it will peal forth a message of financial independence for the individual, a reminder to every citizen of the importance of savings and Savings Bonds. They make you better equipped to face the future, secure in the reality that yours will be a better, more comfortable future.

Milk Cartons

Did you realize that even the paper cartons which contain milk must have a tailor-made finish? These paper containers which save a tremendous amount of shipping and storage space because they can be shipped flat to dairies all over the country, must have a finish that is tasteless, odorless, non-toxic, and that also will not crack or flake off in service.

SHORT STORY

City Cops

By Richard Hill Wilkinson

I'VE INVESTIGATED some queer cases but the jewel robbery up at River's End Lodge topped them all. Tracy and I were dumb; we're ready to admit that, but after all, we're city cops not primitive wilderness natives.

3-Minute Fletton

The reason we were called in was because Homer Livermore's wife had lost \$50,000 worth of gems, and neither she nor Homer trusted or had faith in Eben Jackson, the local constable. Jackson met us at the station, and it wouldn't take a sleuth to see he was sore at the Livermores.

"I'll show you what I already found out," he told us briefly, "then let you smarties dope out the rest."

He took us up to the lodge and showed where a ladder had been placed against the house. Then he allowed the thief had probably taken his loot and skunk off in the woods to hide.

Then Tracy had an idea. "If we gotta browse around through the bushes we ought to have a native guide."

Eben recommended Bronco Pete, who, it seemed, was a guide who didn't have enough money to buy a license for himself, hence was out of work. We explained our predicament to him and he shrugged indifferently. Then Tracy flashed a \$20 bill and he changed his mind.

He took the twenty, and a promise of two more after a week's work, and went away. He came back the next morning dressed up in new high-laced boots, riding breeches, a checked shirt and a big hat. He was mighty proud, and looked like the pictures you see of northwoods guides.

Well, sir, we started out. We rekked through the woods for a whole day. Then Bronco Pete led us to a deserted shack. Outside we found a set of fresh footprints, the heels of which were marked with a common iron cleat.

"Chances are," said Eben, "if we find the owner of these here foot-marks we'll have us the thief. 'seen tracks like that around the edge beneath the window."

"Pete," I says, "find us the owner of these boots and there's an extra twenty in it for you."

Pete set off through the brush like a hound on the scent. Tracy and I followed wearily.

Pete led us straight back to the edge, and there, sure enough, were marked footprints beneath the bedroom window.

"The thing to do," Eben told us, "is for you two nannies to make yourselves comfortable in the shack, an' nab the thief when he comes home."

'T WASN'T a pleasant prospect, but it seemed like the only bet.

He was mighty proud, and looked like the pictures you see of northwoods guides.

So Tracy and I bought ourselves some supplies, and moved into the shack.

The third day, Eben dropped around to see how we were doing. We told him in no uncertain terms, and if he wanted to spell us for a day we'd split the reward.

"Mean it?" he said. "Sure we mean it. You lay your hands on the thief, you get \$2500 cash."

"Come with me," he said. He took us directly to the jail and pointed through the bars at a prisoner, Bronco Pete.

Well, sir, this was it: Bronco had committed the theft all right, but it didn't do him much good, because he couldn't dispose of the jewels. Nor could he spend the \$50 in cash he'd swiped along the rocks, because he hadn't worked for months, and to do so would have aroused suspicion. Then we came along and advanced him \$20 and he bought himself a new outfit with it, including a new pair of boots with cleat marks on the heels.

Eben was suspicious because he knew you couldn't buy a fancy costume like Pete had for less than \$50. But Eben let us go ahead with the case, as per the request of the Livermores, till we got fed up; till, in fact, we offered to split the reward.

LIVESTOCK HEALTH ODDITIES

Douglas Fir Region

Less than 20 per cent of the Douglas fir region is suited to ordinary agricultural uses or grazing. Because of the rough topography of much of the region, forests are certain to remain the dominant vegetation.

Too Much Sun

Suntan is appealing, but sunburn is a peeling—plus a lot of discomfort. Too much sun actually can be dangerous, so take the sun in easy doses.

West Coast Forests

The 51 billion feet of small young timber in West Coast forests are credited with the growth of 3.7 billion feet annually. The present cut of this class of timber for logs and pulpwood is only a little over 500 million feet annually.

Steel Rails

There are about 20,000,000 tons of steel rails in use in the United States over which nearly three billion revenue tons are hauled each year.

"The Man Who Came to Dinner" and forgot to leave was just "an afternoon caller" compared to Emperor Charlemagne who ruled Western Europe about 800 A. D. When the great emperor and his court visited an estate, they would stay "until they had eaten all the pigs, game, vegetables, fruit, and grain. Then, finally, they would pack up and move on."

V. F. W. Cinches Baseball Championship Sunday

The baseball championship of Antioch was decided very decisively Sunday when the V. F. W. crushed the Legion 15-3. The game was a very one-sided affair which saw the V. F. W. jump off to a three run lead in the first inning and then continue to improve their margin of victory.

Since it was the last game of the season, each of the V. F. W.'s three hurlers toiled three innings. They shut out the Legion until the sixth and no-hitted them until the eighth. Ray Bushing started on the mound and proved invincible as he retired nine men in order including the last three on strikes. Bob Risch worked the middle three innings and was touched for one unearned run although he allowed no hits. Ed Olsen finished up the game for the V. F. W. He struck out the side in the seventh, but then let up noticeably in the last two innings, as he allowed a hit and a run in the eighth and two hits and a run in the ninth.

For the American Legion Ken Mattson and Jack Pregonzer shared the mound duties. Mattson proved little of a puzzle, as he was touched for eight runs and seven hits. Had it not been for a couple of infield errors he might have done slightly better. Pregonzer was not too effective either, although better control would perhaps have helped him avoid some of the seven runs which he yielded for he allowed but three hits in four innings.

Dick Scott led the V. F. W. at the plate as he rapped a single, double, and a home run. He had ample help from Pres Reckers, who had a single and a double, and Ray Wells who had a brace of singles. Ed Olsen contributed a long triple in the first inning and then received four straight bases on balls.

The Legion offense consisted of a single by Jack Pregonzer, a single by Pat Quilty and a double by Corky Hills.

While the Legion was going down in order the first four innings, the V. F. W. took an 8-0 lead. They led off with three runs in the first inning when Haviland reached first safely on Pregonzer's overthrow to first base. Dick Scott singled and then Olsen tripled to drive in Haviland and Scott. Olsen then scored on Pregonzer's error of Bushing's grounder.

In the second Wells singled, D. Scott walked and Olsen was purposely passed. Mattson then uncorked a wild pitch, allowing Wells to score the fourth run of the game.

The fourth inning saw the V. F. W. bunch three hits and two walks for four more runs. Haviland walked, Wells singled to right. Dick Scott then doubled to right center, Haviland and Wells scoring. Olsen walked, Scott stole third and then scored as Bushing grounded out. Reckers then doubled to left, Olsen scoring, to make the score 8-0. After that it was a matter of finishing the required innings.

The Legion picked up their first run in the sixth. Quilty led off with a slow roller to Scott who let the ball go between his legs. Risch then struck out Hills and Lonnie Crawford, but then proceeded to walk P. Poulos, Pregonzer and Shank, thus forcing Quilty across the plate.

They scored another unearned run in the eighth as Crawford was safe on Wells' error. He took second on a passed ball and scored as Pregonzer lined a single to left for the Legion's first hit. A single by Quilty and a double by Hills gave the Legion their final run and to make the final score 15-3.

Tries to Straighten Depot St.

Jerry M. Crighton, 17, Rte. 1, Lake Villa, a graduate of Antioch Township High school last year, received slight injuries Friday night when his car failed to make a curve on Depot st.

He told officers he was driving east when his car went into a skid on an S curve. Before he stopped the car cut down a section of fence.

New Plastic Planes

With a recently developed rubberlike mold material it may now be possible to build a plane in one piece, except for control surfaces and movable parts, reports National Patent Council. After extensive experiments, A. Derr Golladay, an engineer, chemist and plane designer, of the Golladay Aeronautical laboratory, has invented a process for producing a material that, it is claimed, can be made into a mold of any thickness of shape.

Oregon's trees

Oregon is renowned for its big trees. The American Forestry association reports the largest living specimens of bigleaf maple, black cottonwood, grand fir, Pacific dogwood, Ponderosa pine, red alder, vine maple, and yew are in that state.

Care of Eggs

Eggs should be placed in a cool place until they are shipped. They should be placed in a cool, damp place such as the cellar, a spring house, or a specially built egg room immediately after they are gathered.

Gas Water Heaters

For customer protection, more than 350 individual tests for safety, durability and performance are made on automatic gas water heaters by the American Gas association's testing laboratories.

Speedster

A world's record, which still stands, was established in Salt Lake City in 1912 when Al Goulet of Australia rode his bicycle an unpaced mile in one minute and 51 seconds.

**Laundry with leisure . . .
and modern automatic appliances!**

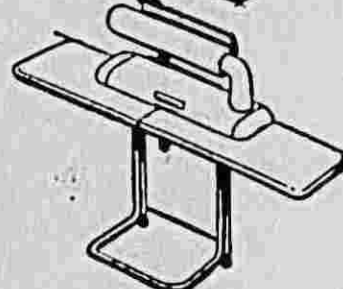

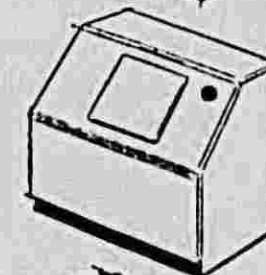

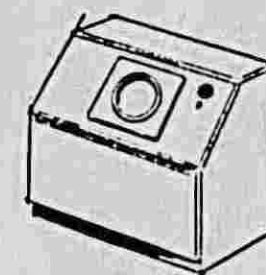

Laundry day can be a lazy day . . . when you have modern automatic equipment to help you!

You'll whiz through washing when you have an automatic washing machine. No more tiresome feeding of clothes into a wringer . . . no more dipping them into several tubs to rinse them. A modern automatic washer goes through the whole operation for you, from sudsing to rinsing to spinning . . . while you're doing the breakfast dishes or catching up on the morning newspaper.

The next step in any modern home laundry is to toss the clothes into the automatic dryer. Just take them from the spinner, put them in the dryer, and set the control. You'll take them out minutes later, damp-dry for ironing—or completely dry for storage. When you have an automatic dryer you can wash, rain or shine . . . day or night . . . and you'll be able to wash, dry, and iron the same morning.

Ironing is a snap, too, in a modern laundry. That's because the truly up-to-date household has an ironer for easy, sit-down ironing. You'll cut ironing time in half . . . and have better results . . . when you use one of the modern automatic ironers.

Reputation For Fairness

By Richard Hill Wilkinson

MIKE DIDN'T INTEND to be unreasonable about it. He had a reputation for fairness, and he meant to live up to it. There wasn't a person alive who didn't have faults. And knowing this to be a fact, Mike could understand why such a gorgeous creature as Serena Wood fell short of being a

paragon. Not that Serena's faults were anything to worry about. If they had been Mike would never have asked her to marry him.

Serena's greatest fault, he thought, was her inability to get ready to go any place on time.

Mike adopted a unique method in order to cure this deficiency. For a time he decided to fall in with Serena's habits.

Thus, he would dispel any possible doubt in her mind regarding his purpose. Presently he would begin to get himself ready on time and sit around waiting. Serena couldn't help noticing and take heed.

Then there was Serena's habit of going into a room, switching on an electric light and going out again without thinking to extinguish it. This was annoying to a husband. Mike decided to adopt the same method in effecting this cure also.

During the next half year Mike noted with some satisfaction that Serena had already begun to feel his stronger personality. She was allowing herself a bit more time to get dressed for parties, and once second advice suggested to Mike that he hurry up.

By the time the six months was up, Serena had improved greatly. He decided to forego his tapering off, letting well enough alone. Three months passed and the situation had taken on quite a new aspect. Serena, unconsciously, was doing a lot of walking from one room to another switching off lights that Mike had left burning.

THINGS REACHED a point at the end of a year that called for some sort of undertaking. Oddly, it was Serena who brought matters to a head.

"I realize," she told Mike crossly, "that everyone has their faults. But it does seem to me that you could attach a little more importance to things around the house. I've done my best to make you change your ways. I've even resorted to artifice."

"Artifice?"
"I mean, like telling you we have to be at a party 15 minutes before hand in the hopes that you'll get ready on time. I've deliberately gone into the bedroom to switch off the lights after you come out, hoping that you would notice. I've got out of bed and padded way to the kitchen to shut off a dripping faucet

"I didn't mean that you were weak-minded or anything like that. We all have our faults."

that you've left running. I declare, Mike, you can't have a very strong personality."

"Now wait a minute, Serena. Something's wrong here. We've got to have an understanding."

"We certainly have. From now on if you leave the lights burning they stay burning and you can pay the bill. If you're late for parties I'll go on ahead and you can make your own excuses."

"But about this personality business. Now—"

"I didn't mean that you were weak-minded or anything like that. We all have our faults. Why, even I have some, I suppose. I've tried to help you overcome yours. But from now on you'll have to shift for yourself, unless you can give me some co-operation."

"Co-operation! Why, hang it, did those things deliberately break you of them, and now find myself doing them automatically and—liking it!"

Mr. and Mrs. Mike Graham stared each other. "It's my fault that I have faults and I have faults cause of your faults. Oh, darling, don't you see what's happened? We made the mistake of thinking ourselves perfect. Let's all over again—now that we have an understanding, and work her way."

"K," said Mike. "O. K." He remembered he had a reputation for fairness.

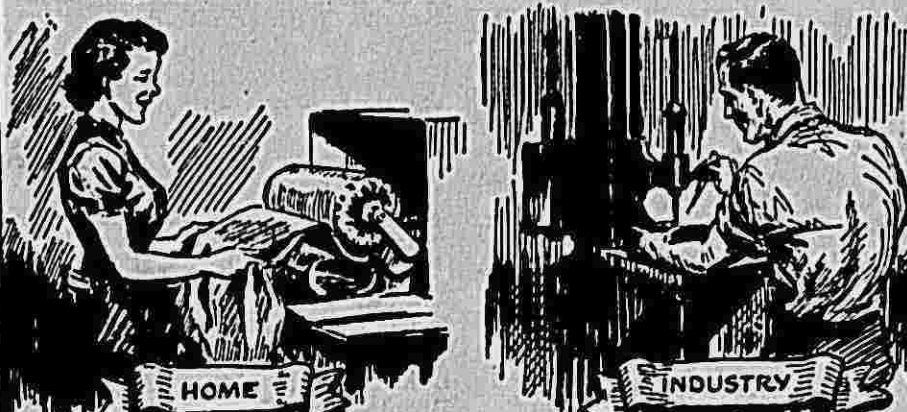

OUR DEMOCRACY—by Mat

ALL IN A LIFETIME

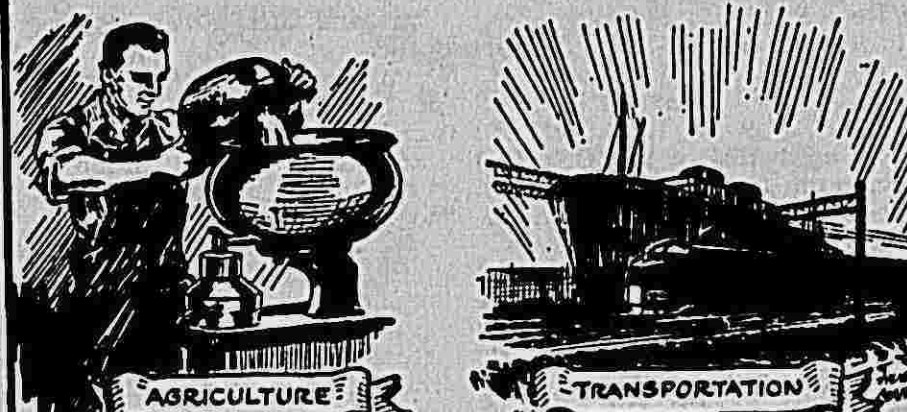

LESS THAN 70 YEARS AGO, NICOLA TESLA—CROATIAN-BORN AMERICAN—INVENTED THE FIRST PRACTICAL A.C. ELECTRIC MOTOR.

TODAY, ELECTRIC MOTORS DRIVE EVERY TYPE OF MACHINE FROM ELECTRIC RAZORS TO THE PROPELLERS OF 100,000 HORSEPOWER LINERS AND AIRPLANE CARRIERS.

MOTORS HUM IN NEARLY EVERY HOME, AND THEY POWER MOST OF THE TOOLS THAT DO AMERICA'S WORK.

THROUGH THE YEARS THE MONEY THAT THRIFTY PEOPLE HAVE PUT ASIDE IN SAVINGS AND LIFE INSURANCE HAVE HELPED PROVIDE THE FUNDS FOR THE EVER-EXPANDING ENTERPRISE OF ELECTRIFYING AMERICA.

Drug Sales

Retail drugstore sales for 1949 showed a decrease of 3 per cent below the record year of 1948. The total volume for 1949 was estimated at \$3,611,000,000. Last year was the first in 11 years, where drugstore sales failed to show an increase over previous years.

Attractive Modern

A modern oyster gray frame house with a flat roof has a gray-blue trim and tangerine-toned doors. The tangerine tone is also repeated on slender columns that support the roof overhang by the entrance door and the car port.

Fudge Frosting

The biggest known, standing Douglas fir in Oregon measures 15 1/2 feet in diameter at breast height and 225 feet to a broken top.

Into fudge frosting which has thickened too quickly, stir a little water, milk, or cream; stir lightly until it again assumes the right consistency.

Lake Trout
The lake trout catch in Lake Michigan and Green Bay for eight years prior to 1946 was in the neighborhood of 2,500,000 pounds. It has continued to decline and was 109,000 pounds in 1949.

Beauty Rinse
To combat the drying effects of summer sun, follow each shampoo with creme rinse. This after-shampoo beauty rinse gives hair protection and at the same time brings out glamorous hair highlights.

Vitamin "A"
A deficiency in vitamin A may result in pathologic changes in the eye, skin and other structures in the body. This probably results in an increased susceptibility to infections.

South Africa
Although South Africa is famous for its rich and productive gold mines, individual prospectors have found this country less fruitful than California or Australia. The reason lies in South Africa's scarcity of alluvial gold deposits, for easy surface working.

"Good Dancing Is a Gracious Accomplishment"

Announcing the Double-Duty CHRYSLER
Traveler

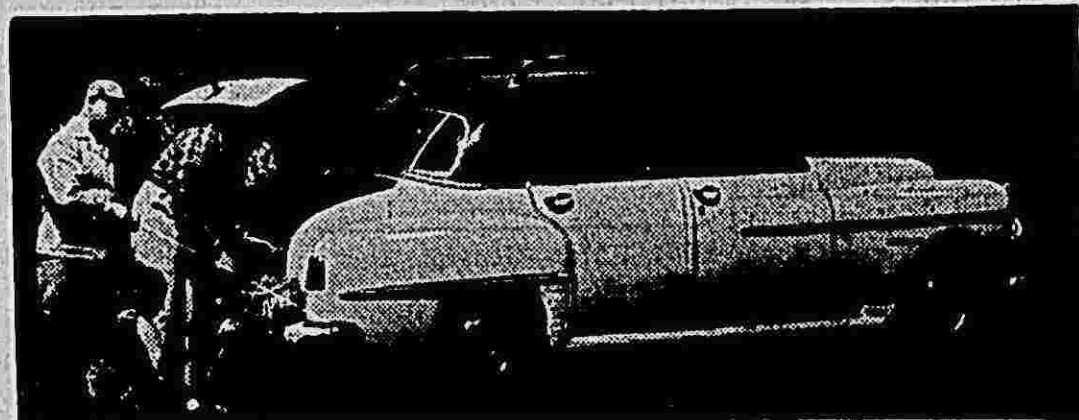

the smart new sedan that
converts in seconds into a
sports car or cargo carrier.

Twice as useful as any ordinary car! Use it as a beautiful sedan seating six! Or fold down the hinged back seat and cushion... and you have a level deck 6 1/2 feet long. You can sleep on it... load all your hunting and fishing gear... haul farm implements, fence posts—a thousand and one

things no regular car can carry. It's like having two cars in one. Come see how the new Chrysler Traveler makes your dollars do double duty. Take the wheel... find out how Chrysler's built-in value all the way through is combined with new utility that beats anything on the road today.

See how the rear seat cushion folds forward against the front seat back, and rear seat back turns down to form flat, level-loading platform. Spare tire can be carried in passenger compartment, or in well at right of luggage compartment.

Counter-balanced trunk lid opens easily, and stays open for easy loading. Sturdy luggage rack on roof adds conveniently to the huge carrying capacity of this car. Upholstery is tough plastic that resembles grained alligator hide.

STATE OF ILLINOIS)
COUNTY OF LAKE) ss

Public notice is hereby given that I, Guy O. Lunn, County Treasurer and ex-officio County Collector of Lake County, in the State aforesaid, will apply to the County Court of said County on Monday, the 25th day of September, A. D. 1950, for judgment fixing the correct amount of any tax paid under protest, and for judgment against the lands and lots mentioned and described in the following list of delinquent lands and lots for the general taxes for the years 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, and 1949, together with interest, penalties, and costs due severally thereon, and for special taxes and special assessments due for the years 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, and 1949, together with interest, penalties, and costs due severally thereon, and for an order to sell said lands and lots for satisfaction thereof. Public notice is also hereby given that on the second Monday of October, to-wit: on the 9th day of October, A. D. 1950, all the lands and lots for the sale of which an order shall be made, will be exposed to public sale in the County Court Room, in the building where said County Court is held in said County in the Court House at Waukegan, in the said County, for the amount of taxes, special taxes, special assessments, interest, penalties, and costs due severally thereon, except such as shall have been paid at said time of sale. Said sale shall commence at 9 o'clock A. M. Central Standard Time, on the 9th day of October and to continue from day to day, until the same shall be completed and if for any cause such judgment shall not be rendered on the said 25th day of September, then such sale will be made on the second Monday after such judgment shall be rendered commencing at 9 o'clock in the forenoon of such second Monday.

Costs on each tract or description of land 36 cents; on each lot or description of lot 21 cents. Also interest at the rate of 1 per cent per month will be added after July 15th on the first installment and September 1st on the second installment.

Plans for a giant rally and tea honoring the Republican candidate for the U. S. senate, Hon. Everett M. Dirksen and Mrs. Dirksen were formulated at a luncheon meeting 13th Congressional district held of the Republican Women of the Thursday, Sept. 7 in Evanston. The tea, to be held at the Woman's club of Evanston on September 22nd, at 2 p. m., will again demonstrate the ability of this active Republican women's organization to arouse interest and enthusiasm for the G. O. P. ticket. At their last rally held in May at the Tam-O-Shanter Country club 1000 women were present. Congressional candidate Mrs. Margaret Stitt Church will introduce Hon. Mr. Dirksen.

A limited number of invitations have been issued to the Republican committee women and to the presidents of the various Republican women's clubs in the district. Additional invitations will be distributed to those who request them upon application to Mrs. William M. Dirksen, Mrs. D. S. Boyer or Mrs. Marion Bray.

Organization meeting of the Kettle Moraine Woman's club was held Wednesday at Mrs. Michaels' Manor at Silver Lake. Officers

elect were: Mrs. Michaels, president, Mrs. Chester DeWitt, Silver Lake, vice-president; Mrs. Jack Anderson, Camp Lake, recording secretary, Anna Kroncke, Wilmot, treasurer. The first meeting of the club will be held Monday evening, Sept. 18, at 8 o'clock p. m., at the home of Mrs. Roy Swartz at Fox River Park. Mrs. Marlin Schnurr and Anna Kroncke will be assisting hostesses. At that meeting the charter membership will be closed. Anyone interested may attend.

Frank Eastland, 40, Glencoe, Ill., drowned at the Wilmot dam after he apparently tangled himself in his own line and toppled from the rear of a boat Sunday evening. William Rauen, coroner, said that death was accidental. Eastland and a companion, John Hampton, also of Glencoe, began fishing from the boat near the dam shortly after dark. Eastland was standing in the rear of the boat and fell in without

crying out at about 9 p. m. The Twin Lakes rescue squad recovered the body at 10:34 p. m. Ernest Whitecock, Elmer Winters and George Hildebrandt, Jr., members of the squad, said Eastland's line was still wound around his arms and legs when he was found.

Mr. and Mrs. Roy Swartz and Donald were Sunday dinner guests of Mr. and Mrs. Otto Mittlestaedt of Manitowoc.

Mr. and Mrs. Frank Zarnstorff, Sr., Mr. and Mrs. Alfred Oetting, Carol and Linda, Mr. and Mrs. Floyd Zarnstorff, Kenny and Jack, Oak Knoll; Mr. and Mrs. Clifford Schaal, and Douglas, Powers Lake; Mrs. Ida Swenson, English Prairie, were dinner guests of Mr. and Mrs. Frank Zarnstorff, Jr., at Richmond.

SHORT STORY

See What I Mean?

By Richard Hill Wilkinson

EXCEPT FOR the fact that Allen Bursley was a coward, Maybelle's happiness was complete. Being a Wesleyan, even though the once vast properties of her forefathers had shriveled to a mere 20-acre farm on the outskirts of Stockbridge, she could not abide cowards.

Worst of all, Allen Bursley didn't seem to think that being branded a coward was at all important.

"Why," he asked, "should I want to fight Steve Legge? I've nothing against him. He's done nothing to offend me."

"Why?" she stormed. "You ask me why? Isn't it enough to be told he's saying such dreadful things about you?"

"But suppose the stories aren't true? And what if they are?"

"Allen Bursley," Maybelle said tensely, "you listen to me. When you came up here and bought the Thompson place and tried to make a go of farming, everyone laughed. But you fooled 'em. You made the place pay by dint of hard work, and then you made me fall in love with you — and — and I was tremendously happy and wanted to get married only —"

"Only," said Allen, "every one figured you were Steve Legge's girl, and when we became engaged Steve began to threaten. And now you won't marry me, till I've licked him."

"I wouldn't marry a coward," said Maybelle scornfully. The word spread like wildfire. Maybelle Wesleyan had broken off her engagement with Allen Bursley, because Allen had admitted being afraid of Steve Legge. Steve became more swaggering. He yearned for some excuse to bully the city man.

THE OPPORTUNITY came a fortnight later in front of the village postoffice. It was evening and more than half of the town's population was gathered there. Allen Bursley came out onto the porch, his attention concentrated on a letter in his hand. He did not see the outburst of Steve Legge, and fell over it, saving himself by grasping a post.

"Look where you're going, you clumsy idiot! Kicking a man in the leg."

Allen withheld the apology that rose to his lips, and said instead: "Keep your legs under you if you don't want them kicked."

"Say! Who do you think you're talking to, you shriveled-up city sissy?"

Allen hesitated, carefully folded his letter and tucked it into his pocket. "Legge," he said, "I don't want to quarrel with you."

Steve let out a roar of contemptuous laughter. "Afraid, eh? Well, we don't abide cowards —"

"But," finished Allen quietly, "since you insist, let me advise you, you brought it on yourself."

Steve lunged and something

Allen withheld the apology that rose to his lips.

struck him like a sledge-hammer and set him back on his heels.

He struck out blindly, accompanying his blows with foul curses, only to have the curses jammed between his teeth with the same sledge hammer.

Above him Allen Bursley heard a feminine cry from behind and turned to see Maybelle running toward him. He held out his arms, but she stopped, hand over mouth, trying to get out the cry of warning, and falling. The club, held in the hand of Steve Legge, descended crushing on the back of Allen's head...

When Allen opened his eyes his head was pillowed in the lap of Maybelle. She was looking up at someone and talking. "Allen licked him," she was saying. "He's much stronger than he looks —"

Allen's eyes twinkled. "No, I'm not," he said unexpectedly. "It wasn't because I'm strong. It was knowledge—knowing how to handle myself, like knowing how to farm. That's the trouble with you folks up here. You don't know how to do things. See what I mean?"

"All I ask is that you teach me how to make you a good wife forever and ever."

Uncle Sam Says

Planting time is over and farmers and gardeners are now tending those crops carefully. But, despite all this care there is one worry—the weather. A heavy storm or drought can wipe out all the work that has gone before. So it is with you. A crippling accident or a long illness can seriously affect you financially. In either case there is one sure-safe way of providing for a contingency—the purchase of U. S. Savings Bonds. You CAN guarantee future security by enrolling today for the Payroll Savings Plan where you work or the Bond-A-Month Plan at your bank. U. S. Treasury Department

Samuel Taylor Coleridge

Samuel Taylor Coleridge was once mistaken for a pickpocket by an elderly gentleman. The same man later bought the shabby, little boy who was to become one of the world's greatest poets, a subscription to a circulating library.
